Buenos dias Pete! Please see attachment for your review with the list of action items from the notes taken in our meetings with PR and USVI officials last week. I appreciate if you and Slawomir may review this document and add any additional action items that we have missed. We have already started to respond to the action items.

In addition, please see attachment with briefing on economic issues in Puerto Rico for your review. We included this briefing in the fact sheets for the trip.

In regards to the unmet needs document, the Caribbean Recovery Team is working on finalizing the development of the briefing document. We will share the document soon.

Please do not hesitate to call me if you have any questions.

Thanks,
Carmen

Hi Carmen.

How are we doing with the summary of working notes from last weeks trip?

Also, where are we with the unmet needs and economic summary? I know you have your hands full, however, that one needs to be moving right along.

Sincerely,
Pete
